About Nidaan Systems, Inc

With a “Customer First Always” philosophy, Nidaan Systems is a leading technology consultancy to both legal technology vendors and their law firm customers alike. Thus, we have built strong expertise in implementing, customizing and integrating legal IT applications. We have partnered with Thomson Reuters Elite and Intapp, both of whom are our customers as well.

Our industry focus gives us an understanding of technology evolution, industry trends and business issues – enabling us to deliver innovative solutions to our customers resulting in measurable impacts on their business performance. Whether customers want complete, real-time integrated business solutions or are just looking to address specific requirements, the Nidaan team stands ready to provide solutions to meet any or all of their needs in:

- Technology Deployments
- Workflow Customizations
- Business Systems Integrations
- Business Intelligence / Data Analytics
- Custom Enterprise Applications
- Process Automation
- Data Migration and Upgrades
- Managed Services

Nidaan Systems also offers add-on tools to Elite 3E to optimize processes and workflows. Nidaan recently introduced the NSI AP Assistant – a Microsoft Outlook add-in to integrate information flow from email to Elite 3E for Engagement Letters, Contracts, Client Communications, Prebills, Vendor Bills and more.

Founded in 2006 with two people, Nidaan has grown to two offices – headquartered in Silicon Valley with our offshore development office in Bangladesh. Our growth is the direct result of our strong partnership with Thomson Reuters Elite who was our first customer and still is today.

Nidaan Systems is a values-driven organization. From our hiring processes to our client service, our goal is to demonstrate our core values in every interaction:

- Customer-centric – we place our clients at the center of everything we do and in doing so have succeeded in building an expanding portfolio of satisfied clients.
- Results oriented – our passion for excellence helps us to exceed customer expectations and deliver the best value to them.
- Integrity – we strive to be successful but not at any cost. How we get there is just as important as what we achieve.
- Diversity and Inclusion – as a certified Small, Minority and Woman owned business, we practice the same in our hiring as well as our own procurement.

Reach out to us for all your technology needs – from new product development to enterprise digital transformation initiatives. We would love to count you as another of our satisfied long-term clients.

The screenshot shows the NSI AP Assistant window. At the top, it has a title bar with the logo and 'NSI AP Assistant'. Below is a section for 'Application Type' with three radio buttons: 'Client' (selected), 'Matter', and 'Voucher'. Each has a corresponding text field: 'CLIENT-NUMBER', 'MATTER-NUMBER', and 'VOUCHER-INDEX'. Below this is a 'Profile Description' section with a text area containing 'Re: Attachment Upload voucher'. Then, there's an 'Email Body' section with a dropdown menu set to '3E'. The 'Attachment(s)' section lists two items: 'voucher_dec_20...' and 'voucher_jan_202...', each with a dropdown set to 'IC' and a green checkmark. Below the attachments, there are two blue boxes containing the text 'CLIENT-1000-GSJYEHAFHS-IC' and 'VOUCHER-348-GSJYEHAFHS-3E'. At the bottom is a blue 'Upload All' button.

Nidaan Systems, Inc's (NSI) AP Assistant optimizes Law Firm business processes - Accounting, Intake, Collections. Firms achieve upto 86% improvement in efficiency with an enhanced user experience.

NSI AP Assistant is a Microsoft Outlook Add-in designed to connect Outlook with most popular Law Firm Management Systems like Thomson Reuters Elite 3E. For Law Firms racing to reinvent business processes without having to throw away their current investments in technology, AP Assistant is the ideal lightweight solution to connect their many business systems - MS Outlook, Elite 3E, Enterprise, Image Connect and others - to achieve a truly paperless business process.

Accounting saves countless hours of printing, barcoding, scanning and archiving of paper records related to Client/Matter Intake, Invoicing, Accounts Payables, Collections, Trusts with AP Assistant. It replaces the manual processes with a few mouse clicks to move email messages, conversation threads and attachments from Outlook to one or more Enterprise business systems, whether working in the office or remotely. It is easy to deploy alongside existing business systems for a few users or firmwide and requires minimal administration.

ABOUT NIDAAN SYSTEMS

NSI is premium provider of technology solutions, integration, and software development to mid- and large-sized Law Firms with an impeccable 14-year track record. NSI is a certified Thomson Reuters Elite alliance partner as well as Intapp alliance partner.
